Arms Subsidies Halted. As the death toll in Gaza tops 63,000 our government has paused new awards of public money to defence companies that sell to countries involved in genocide, including Israel; full statement: Support for defence companies involved in Israel halted - gov.scot.

Lift the Ban on Refugees Being Reunited. The UK Government has announced a ban on refugees being reunited with their families removing the last safe route available to women and children fleeing war and persecution; MP email: Demand the pause on Syrian asylum claims is lifted | Care4Calais.

Ways to Help the Amazon. If we lose the Amazon rainforest, we lose the fight against the climate crisis; ways to help – learn about the Amazon, listen to indigenous people, get the UK government legislating to check food provenance: <https://www.wwf.org.uk/updates/ways-help-amazon-rainforest>.

Stand Up to Greedy Gas. The price of our electricity is set as if it was all generated by gas yet 40% is from renewables, and there is evidence companies keep costs high to increase profits; read up and sign the petition to the UK government: <https://action.greenpeace.org.uk/stand-up-to-gas-companies>.

Calvary garden is a work in progress. The spotlights have now been repaired - after being in the dark for almost a year - and the plaque updated. We are waiting on the landscaper getting back to us. We have provided two black marble flower pots - engraved "to mark our continuing love" We invite you to make use of these. Since we don't have anyone to maintain the garden, we ask you not to leave objects, candles or artificial things. If you do leave flowers we ask you also take them away when they're spent, to respect the space for everyone.
