THE IMMACULATE CONCEPTION, MARYHILL

Thinking about faith The Gospel story of “doubting” Thomas encountering the risen Lord, and his proclamation of faith ‘My Lord and My God’, becomes an invitation for us this weekend to reflect on what our own faith means. The Catechism of the Catholic Church (CCC) defines faith as a personal, free response to God’s initiative, which is never isolated but always lived within the community of the Church. It is a holistic act, requiring submission of both intellect and will (CCC 143) to God, received from others and handed on. Illustration - *Still Doubting* by John Granville Gregory

2nd Sunday of Easter
‘Low Sunday’
‘Divine Mercy Sunday’
“In this parish, all are welcome, none are judged”

Divine Mercy Sunday

1st Reading; Acts 2:42 - 47

All who believed were together and held all things in common

Responsorial Psalm 118

Give praise to the Lord for he is good, his mercy endures for ever

2nd Reading: 1 Peter 1; 3 - 9

He has caused us to be born again to a living hope

Gospel; John 20; 19 - 31

Eight days later Jesus came

Be grateful,

Low Sunday and Divine Mercy Sunday. Its called Low Sunday and Low Week because of a post-Triduum tiredness! Huge thanks for your co-operation with closure last week due to road resurfacing (now delayed!) It's a time, for sure, to reflect on our Easter faith and renewal of life. It is also a time to 'rejoice and be glad' for all the graces and benefits God has lavished on our parish. So many people working in public ministries & so many working in the background, creating beautiful worship of God and a warm welcome to all. Thanks everyone!

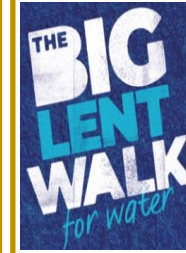

Thankful for all your kindness and support. Good Friday Collection for Holy Places - supporting Christians in the Holy Land (under difficult times at the moment) came to £2,200 - thank you! The Easter day collection, supporting the parish was £2400 (this does not include donations made directly to the parish account). 2 significant expenditures coming soon. Removal of asbestos from the old boiler-room (in region of £13k) Chapel house roof has been surveyed and needs repairs costing £3k - but a scaffolding bill of £9k! These will not need separate collection,

Family Footie day

Were hopping

Saturday May 9th to have a mini football tournament! Few hours in the morning, mini teams of all ages & abilities in a fun knock-out - for the wee ones & the bigger ones. Rolls & treats in the hall - its all about building relationships. Sign up to give an idea of interest?

Supporting SCIAF

Please get your Wee Box in asap! We also want to thank Graeme

Hill for his effort doing the SCIAF Big Lent Walk for Water - he raised a brilliant £400 to go to our parish appeal total. Remember - SCIAF is an all-year charity - not just Lent

FETE

Think Fete! That time already to start gearing up for our open day, Bar-B-Q, fun day. Clearing out? We're concentrating on new goods & bottles; Can you bring anything to church porch? No UK Support for Iran War. Whatever about the ceasefire, UK must end use of UK military bases by US & suspend arms sales & military support to US & Israel; call on Prime Minister to take action: <https://actionnetwork.org/petitions/stopbombingiran>.

Keep Up the Red Line for Gaza. 'ceasefire' in Gaza is nothing of the sort - over 600 Palestinians have been killed in Israeli attacks & aid is a trickle with medical supplies etc limited; 2 million signatures sent to UK government this week: <https://www.oxfam.org.uk>.

End the Need for Foodbanks. This Holyrood election all candidates must respond to the unacceptably high levels of hardship and commit to a bolder plan to end the need for food banks in Scotland for good; email candidates now: <https://>

action.trussell.org.uk/email-candidates-scotland

Call for Climate Solutions. Demand the next Scottish Parliament delivers a national £2 bus fare cap for local services, an area-based warm homes programme and public ownership of renewables projects; read up and email party leaders: <https://act.foe.scot/election-solutions>.

Reject New Oil Drilling. New UK oil fields will not bring down fuel costs or increase fuel security as the oil is sold for profit on the international market by the companies that extract it; more greenhouse gas means more climate disruption; only renewable energy will bring costs down: <https://foe.scot>.
